Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). File is free to use with no gotchas and no hidden fees. If only wecould, we surely would! On the other hand, using file can actually save you money. It is also allowed to link to the download page from websites andcommunities. No account or credit card is required to get started. There are no restrictions on the number of times a file can be downloaded. When you use file,you avoid storing the file you're sending in your cloud storage or mail server. You don't need any special software installed to be able to download your files.You decide who you want to share your files with. We have no file size limit. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.Simply upload your file and share the link. You can give this download link to your friends by mail or instant messenger. Our service is completely free foreveryone. filehosting provides an easy possibility for you to send large files to your friends. So try our free and simple filehosting service now. Files can bedownloaded from any computer from our high speed servers. Keep your files private, or send your download links only to friends or family. Why pay storagefees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. Unfortunately, we can't make that part free. Any file in any format can be uploaded and downloaded for free. Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. Using file, you can circumvent those limits without paying to upgrade your team chat service. Just upload thefile you want to share with your friends and we send you a download link to your file.
